Dear Denver

August 15, 2014

RE: DONATION

We refer to the above and hereby express our appreciation for your kind donation towards the Bread of Heaven Programme.

As you are aware, Bread of Heaven has been in existence for about a decade now and in this time has relied mostly on the goodwill of the community for its day to day running. Thus a contribution of any kind, be it financial or in kind (peanut butter, jam, margarine) is most welcome.

We wish you every blessing in whatever venture you would set your hand to and once again thank you for helping to fill the stomachs of a few needy children, for many of whom the sandwich from Bread of Heaven might be their only meal for the day. Our community is blessed and our children uplifted because of the generous efforts of compassionate individuals such as you.

Thank you for your partnership towards the building of our future generation.

Yours faithfully
